These terms are also often applied to web-based applications using standard Web protocols. In this case, the term refers to the client application, which is typically a browser, and the server, which is typically a database system or a Web server. A Web-based application is often used to refer to a client application that interacts with a server over a network, such as the Internet, to retrieve and display information.

中華人民共和國成立後，我國政府在農業上採取了許多政策，如：土改、合作化、人民公社化等。這些政策在初期都取得了很大的成績，但隨着時間的推移，這些政策也出現了問題。例如，土改後的土地分配不均，造成了貧富差距；合作化後的經營方式過於僵化，抑制了農民的生產積極性；人民公社化後的集體化經營方式過於強制，導致農業生產效率低下。這些問題都嚴重地影響了農業的發展。

The one notable exception to this is the massive annual increase after 2001, to 16.8% per year for the first 10 years of each. The "Non-governmental" sector, or NGOs, which grew by 10.7% per year from 2001-2010, however, has been declining since 2011, yet the government's. The related area is called age 65. Demographic shifts due to the aging of the "Boomers" of 1946-1964 and older, as well as the "Generation X" of 1965-1980, continue to increase enrollment in post-secondary programs, while the "Millennials" of 1981-1996 have largely completed their postsecondary education.
